QUADZILLA X8 EFI

The X8 is the biggest and ultimate ATV in the Quadzilla line-up. Fitted with a V-Twin 800CC engine, the EFI system delivers an impressive 61BHP for off road use. The X8 is a pleasant and comfortable ride on or off road with the V-Twin configuration delivering smooth and easy to use power. If you want to do some serious off-roading the X8 can be put into 4WD, low ratio and diff lock, and if that wasn't enough factory fitted winch can pull you out of a sticky situation.
